The Juice Products Association Scholarship Foundation (JPASF) was founded in 1993 as a 501(c)3 tax-exempt organization for the purpose of awarding scholarships to upper-class undergraduate or graduate students at select universities completing degrees related to food science, nutrition, or packaging, with an emphasis on disciplines related to the juice and fruit industries. It is the JPASF Board's goal to have 100% of members contribute to this scholarship, no matter the amount. JPA members may also hold a named scholarship; please contact JPA staff if you are interested.

All contributions are tax-deductible, charitable donations and are used to fund the Foundation's scholarships. Thank you!
